

THINKING GLOBAL, ACTING LOCAL

As members of HLB International our focus is on international business, quality and personal service. Quality is the key driving force, reinforced by regular quality assurance reviews of all member firms by HLB International, an up-to-date ISA compliance international audit manual and membership of external professional bodies focused on quality issues.

All HLB Poland member firms are well established locally and nationally, with close contact maintained between HLB International members through international referral engagements, regular meetings, conferences, bulletins and newsletters.
